**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCALS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

## LABOR CATEGORY DESCRIPTIONS FOR SINS 541611, 541620, 541810, 541910, 611430, 541611RC, 541620RC, 541810RC, 541910RC, 611430RC

### **RESEARCH ANALYST**

#### **Typical duties and responsibilities**

Performs a variety of tasks that may involve data collection, research, or quantitative or qualitative analysis, primarily to provide input for use in clients' significant environmental and energy policy decisions. Provides logistical and administrative support activities for projects, contracts, and/or proposals. Applies basic research techniques and work skills with timeliness and quality assurance. Solid writing and communications skills are expected.

#### **Direction received**

Receives direction on task approaches and expected results. Performs most work with minimum supervision. Work requires consistent exercise of discretion and independent judgment. Work is reviewed for technical adequacy and conformance with instructions.

#### **Responsibility for the direction of others**

Limited. May coordinate the activities of peers on discrete tasks of limited scope.

#### **Minimum education/degree, years of experience**

Bachelor's degree and 0 years of experience

### **ANALYST I**

#### **Typical duties and responsibilities**

Performs data collection, research, and analyses. Provides logistical, organizational, and administrative support to projects, contracts, and/or proposals. Applies experience and understanding of technical or administrative aspects of public policy, or private sector projects, to tasks that are varied and complex. Competently applies standard procedures to routine tasks, and identifies potentially problematic issues related to task content or schedule. Applies a broad knowledge of Cadmus organization in performing work tasks.

#### **Direction received in this typically entry-level Analyst position**

Works without explicit direction on recurring tasks, standard technical methods, or tasks involving research of common information sources (e.g., regulations). For more complex tasks, receives instructions on objectives, approaches and expected results. Work is reviewed for technical adequacy and conformance with instructions.

#### **Responsibility for the direction of others**

Limited. May coordinate and oversee the activities of research analysts and peers on specific tasks or proposal activities.

#### **Minimum education/degree, years of experience**

Bachelor's degree and 1 year of experience

### **ANALYST II**

#### **Typical duties and responsibilities**

Performs data collection, research, and analyses. Provides logistical, organizational, and administrative support to projects, contracts, and/or proposals. Applies experience and understanding of technical or administrative aspects of public policy, or private sector projects, to tasks that are varied and complex. Competently applies standard procedures to routine tasks, and identifies potentially problematic issues related to task content or schedule. Applies a broad knowledge of Cadmus organization in performing work tasks.

#### **Direction received in this typically mid-level Analyst position**

Works without explicit direction on recurring tasks, standard technical methods, or tasks involving research of common information sources (e.g., regulations). For more complex tasks, receives limited instructions on objectives, approaches and expected results. Work is reviewed for technical adequacy and conformance with instructions.

#### **Responsibility for the direction of others**

Limited. May coordinate and oversee the activities of research analysts and peers on specific tasks or proposal activities.

#### **Minimum education/degree, years of experience**

Bachelor's degree and 1 year of experience

### **ANALYST III**

#### **Typical duties and responsibilities**

Performs data collection, research, and analyses. Provides logistical, organizational, and administrative support to projects, contracts, and/or proposals. Applies experience and understanding of technical or administrative aspects of public policy, or

private sector projects, to tasks that are varied and complex. Competently applies standard procedures to routine tasks, and identifies potentially problematic issues related to task content or schedule. Applies a broad knowledge of Cadmus organization in performing work tasks.

**Direction received in this typically senior-level Analyst position**

Works without explicit direction on recurring tasks, standard technical methods, or tasks involving research of common information sources (e.g., regulations). For more complex tasks, receives minimal instructions on objectives, approaches and expected results. Work is reviewed for technical adequacy and conformance with instructions.

**Responsibility for the direction of others**

Limited. May coordinate and oversee the activities of research analysts and peers on specific tasks or proposal activities.

**Minimum education/degree, years of experience**

Bachelor's degree and 1 year of experience

**ASSOCIATE I**

**Typical duties and responsibilities**

Works independently to identify, structure and implement appropriate procedures for tasks. Manages efforts of staff in task execution and performs quality assurance checks of work products. Responsible for technical, financial, and/or administrative management of tasks or portions of larger projects. Participates in business development, marketing activities, and/or recruiting.

**Direction received in this typically entry-level Associate position**

Receives outlines on objectives, and exercises wide latitude to develop approaches to tasks and project work. Work is reviewed for technical adequacy and results achieved.

**Responsibility for the direction of others**

Provides guidance and direction to junior staff on tasks. Trains, develops and evaluates the performance of junior staff.

**Minimum education/degree, years of experience**

Bachelor's degree and 2 years of experience

**ASSOCIATE II**

**Typical duties and responsibilities**

Works independently to identify, structure and implement appropriate procedures for tasks. Manages efforts of staff in task execution and performs quality assurance checks of work products. Responsible for technical, financial, and/or administrative management of tasks or portions of larger projects. Participates in business development, marketing activities, and/or recruiting.

**Direction received in this typically mid-level Associate position**

Receives limited outlines on objectives, and exercises wide latitude to develop approaches to tasks and project work. Work is reviewed for technical adequacy and results achieved.

**Responsibility for the direction of others**

Provides guidance and direction to junior staff on tasks. Trains, develops and evaluates the performance of junior staff.

**Minimum education/degree, years of experience**

Bachelor's degree and 3 years of experience or Master's degree and 1 year of experience

**ASSOCIATE III**

**Typical duties and responsibilities**

Works independently to identify, structure and implement appropriate procedures for tasks. Manages efforts of staff in task execution and performs quality assurance checks of work products. Responsible for technical, financial, and/or administrative management of tasks or portions of larger projects. Participates in business development, marketing activities, and/or recruiting.

**Direction received in this typically senior-level Associate position**

Receives minimum outlines on objectives, and exercises wide latitude to develop approaches to tasks and project work. Work is reviewed for technical adequacy and results achieved.

**Responsibility for the direction of others**

Provides guidance and direction to junior staff on tasks. Trains, develops and evaluates the performance of junior staff.

**Minimum education/degree, years of experience**

Bachelor's degree and 4 years of experience or Master's degree and 2 years of experience

**SENIOR ASSOCIATE I**

**Typical duties and responsibilities**

Demonstrates leadership in management, technical work products, and/or business development. Manages activities of staff on tasks, is responsible for ensuring high quality performance of staff, and may have responsibility for administrative supervision of

staff. Responsible for technical, managerial, and/or administrative components of large tasks, projects, marketing activities, or proposals. Represents Cadmus to professional peers and clients. May participate in corporate planning.

**Direction received in this typically entry-level Senior Associate position**

Has fairly wide latitude to define the parameters of tasks, including development of approaches to work. Independently produces work of high quality.

**Responsibility for the direction of others**

Provides guidance, direction, and oversight on projects, and identifies staffing needs for projects. Provides staff with opportunities for growth and development.

**Minimum education/degree, years of experience**

Bachelor's degree and 5 years of experience or Master's degree and 3 years of experience

## **SENIOR ASSOCIATE II**

**Typical duties and responsibilities**

Demonstrates leadership in management, technical work products, and/or business development. Manages activities of staff on tasks, is responsible for ensuring high quality performance of staff, and may have responsibility for administrative supervision of staff. Responsible for technical, managerial, and/or administrative components of large tasks, projects, marketing activities, or proposals. Represents Cadmus to professional peers and clients. May participate in corporate planning.

**Direction received in this typically mid-level Senior Associate position**

Has wide latitude to define the parameters of tasks, including development of approaches to work. Independently produces work of high quality.

**Responsibility for the direction of others**

Provides guidance, direction, and oversight on projects, and identifies staffing needs for projects. Provides staff with opportunities for growth and development.

**Minimum education/degree, years of experience**

Bachelor's degree and 7 years of experience or Master's degree and 5 years of experience

## **SENIOR ASSOCIATE III**

**Typical duties and responsibilities**

Demonstrates leadership in management, technical work products, and/or business development. Manages activities of staff on tasks, is responsible for ensuring high quality performance of staff, and may have responsibility for administrative supervision of staff. Responsible for technical, managerial, and/or administrative components of large tasks, projects, marketing activities, or proposals. Represents Cadmus to professional peers and clients. May participate in corporate planning.

**Direction received in this typically senior-level Senior Associate position**

Has significantly wide latitude to define the parameters of tasks, including development of approaches to work. Independently produces work of high quality.

**Responsibility for the direction of others**

Provides guidance, direction, and oversight on projects, and identifies staffing needs for projects. Provides staff with opportunities for growth and development.

**Minimum education/degree, years of experience**

Bachelor's degree and 10 years of experience or Master's degree and 8 years of experience

## **PRINCIPAL I**

Overall, a Principal demonstrates success, skills and leadership across management, technical, and marketing areas. Additionally, a Principal develops a domain of work that can operate in a nearly self-sustaining manner within Cadmus.

**Typical duties and responsibilities**

Demonstrates leadership across managerial, technical, and business development areas. Manages activities of staff on tasks. May also have responsibility for supervision of an organizational unit, including recruiting, performance review, and staff development. Ensures high quality performance of staff. Responsible for substantive technical, financial, and administrative management of large tasks, projects, and contracts. Manages business development, marketing activities, proposals, and multiple projects. Represents Cadmus to professional peers and clients. Participates in corporate budgeting activities, and corporate development and growth.

**Direction received in this typically entry to mid-level Principal position**

Has significantly wide latitude to define parameters and approaches of tasks and projects. Independently produces work of very high quality.

**Responsibility for the direction of others**

Provides guidance, direction and oversight on projects. Performs as a second-level supervisor. Provides mid-level and junior staff with opportunities for growth and development.

**Minimum education/degree, years of experience**

Bachelor's degree and 10 years of experience or Master's degree and 6 years of experience

**PRINCIPAL II**

Overall, a Principal demonstrates success, skills and leadership across management, technical, and marketing areas. Additionally, a Principal develops a domain of work that can operate in a nearly self-sustaining manner within Cadmus.

**Typical duties and responsibilities**

Demonstrates leadership across managerial, technical, and business development areas. Manages activities of staff on tasks. May also have responsibility for supervision of an organizational unit, including recruiting, performance review, and staff development. Ensures high quality performance of staff. Responsible for substantive technical, financial, and administrative management of large tasks, projects, and contracts. Manages business development, marketing activities, proposals, and multiple projects. Represents Cadmus to professional peers and clients. Participates in corporate budgeting activities, and corporate development and growth.

**Direction received in this typically senior-level Principal position**

Has significantly wide latitude to define parameters and approaches of tasks and projects. Independently produces work of superior quality.

**Responsibility for the direction of others**

Provides guidance, direction and oversight on projects. Performs as a second-level supervisor. Provides mid-level and junior staff with opportunities for growth and development.

**Minimum education/degree, years of experience**

Bachelor's degree and 13 years of experience or Master's degree and 11 years of experience

**SENIOR MANAGING CONSULTANT**

Directs multiple business practice lines that comprise a semi-autonomous organizational unit of business within the company. Reports directly to the President and CEO, participates as a member of the Executive Committee, has profit and loss responsibilities and wide latitude to establish metrics and standards of performance for practice lines. This includes:

**Typical duties and responsibilities**

Reviews and Approves practice-level business plans. Makes decisions regarding where to invest in terms of new growth related to the business unit. Sets practice-level budgets and performance targets. Has authority to strategically recruit and hire to maintain and expand business lines. Makes decisions regarding staff compensation in conjunction with Executive Committee. Leads and supports corporate initiatives.

**Direction received**

Has very broad latitude to define parameters and approaches in directing business unit and taking measures to attain the attendant performance goals. Works effectively with, and receives direction from the President and CEO and provides information to the Board as necessary.

**Responsibility for the direction of others**

Provides guidance, direction and oversight of practices. Has responsibility for direction and supervision of multiple practice lines that comprise an organizational business unit. Directly responsible for performance review and development of practice leaders as well as other key senior staff and second and third-level supervisor for all other staff in the business unit.

**Minimum education/degree, years of experience**

Bachelor's degree and 12 years of experience or Master's degree and 8 years of experience

**EXECUTIVE CONSULTANT**

Executive Consultants are senior-most corporate officers responsible for directing and overseeing overall corporate operations. They are members of the Executive Committee and actively participate on board-level committees and are responsible for overall strategic direction and financial performance of the company. They are heavily engaged in overseeing and reviewing the performance of the company's administrative and operational groups.

**Typical duties and responsibilities**

Oversee administrative and operational group-level performance. Set overall corporate budget and performance targets. Assign budgets and performance targets to administrative and operational groups and review their performance. Make decisions regarding overall strategic direction and performance, including review and approval of mergers and acquisitions, investment in new business lines, and entry into new areas of business. Ensure adequacy of corporate resources and monitor the accurate measurement and compliance with applicable laws and regulations. Lead and participate in important corporate-level initiatives.

**Direction received**

Has the broadest latitude to define overall parameters of performance and oversee corporate- and group-level operations. Reports directly to the President and CEO or to the Board of Directors.

**Responsibility for the direction of others**

Provides guidance, direction and oversight of administrative and operational group heads. Directly responsible for performance review and development of administrative and operational group heads.

**Minimum education/degree, years of experience**

Bachelor's degree and 15 years of experience or Master's degree and 13 years of experience

**SENIOR EXECUTIVE CONSULTANT I**

Senior Executive Consultants are highly trained and experienced, providing high-end strategic planning and organizational performance consulting advice to clients in a wide range of businesses, public and private. They are highly regarded as experts in their field, with numerous consulting engagements within their area of expertise.

**Typical duties and responsibilities**

Examine an organization's strategic position and organizational performance and provide recommendations on strategic direction and organizational structure; identify strategic and organizational priorities and specific next actions; and bring critical internal and external information into the process to facilitate sound strategic decision making.

**Direction received**

Receives broad-based direction regarding the client's overall goals and objectives of the consulting engagement. Has wide latitude to develop work plans, approaches, and processes to meet the requirements of the consulting engagement.

**Responsibility for the direction of others**

Provides guidance, direction and oversight of staff participating in consulting engagement.

**Minimum education/degree, years of experience**

Bachelor's degree and 18 years of experience or Master's degree and 14 years of experience

**SENIOR EXECUTIVE CONSULTANT II**

Senior Executive Consultants are highly trained and experienced, providing high-end strategic planning and organizational performance consulting advice to clients in a wide range of businesses, public and private. They are highly regarded as experts in their field, with numerous consulting engagements within their area of expertise.

**Typical duties and responsibilities**

Examine an organization's strategic position and organizational performance and provide recommendations on strategic direction and organizational structure; identify strategic and organizational priorities and specific next actions; and bring critical internal and external information into the process to facilitate sound strategic decision making.

**Direction received**

Receives broad-based direction regarding the client's overall goals and objectives of the consulting engagement. Has wide latitude to develop work plans, approaches, and processes to meet the requirements of the consulting engagement.

**Responsibility for the direction of others**

Provides guidance, direction and oversight of staff participating in consulting engagement.

**Minimum education/degree, years of experience**

Bachelor's degree and 22 years of experience or Master's degree and 20 years of experience

**ADMINISTRATIVE SUPPORT I**

Project administration, business, accounting, contracts and other administrative support personnel in the company.

**Typical duties and responsibilities**

Project/business support personnel perform a variety of tasks that involve timely project reporting, partnering with business units to ensure their project financial information needs are met and perform ad-hoc financial reporting as requested by project managers and clients.
